Pulmonary Medicine

Dr. Rajiv Jain

DNB, IDCCM, EDARM, FCCS
Senior Clinical Associate,
Pulmonary Medicine

WELCOME NOTE

Dear Delegates,

It gives me great pleasure to invite you all for the upcoming Basic Bronchoscopy Course. Interventional Pulmonology has revolutionized the field of Pulmonary Medicine and is growing at a rapid pace. “Interventional Pulmonology Skills Course” is a series of academic events and workshops aimed to train students, pulmonologists, and physicians from basic bronchoscopy to advanced therapeutic techniques, and it is designed as a quarterly event.

The current ‘Basic Bronchoscopy’ workshop is first in the series and it will be followed by training programs on Endobronchial Ultrasound (EBUS), Medical Thoracoscopy and Pleural Interventions, and Advanced Therapeutic Bronchoscopy.

This course is designed to provide you an in-depth understanding of all the bronchoscopy techniques and its application in clinical practice. Through this course you will have the opportunity to learn from a team of experienced experts in the field of Interventional Pulmonology. You will also have the chance to participate in hands-on sessions where you will be able to practice the skills and techniques required to perform various procedures. The upcoming parts of the course will also include live cases demonstration for comprehensive learning. During the workshop, participants will use animal models and mannequins to enhance their practical skills. Participants will be tutored in groups of 5-7 to allow interactive learning.

We look forward to seeing you.

Dr. Tarang Gianchandani
Patron

Group Chief Executive Officer,
Sir H.N. Reliance Foundation Hospital &
Other Healthcare Initiatives

PROGRAM AGENDA

| Time | Topic | Speaker |
|--|--|-----------------------------|
| 10:00 am - 10:10 am | Welcome Address | Dr. Tarang Gianchandani |
| 10:10 am - 10:15 am | Overview of the Course | Dr. Susheel Bindroo |
| 10:15 am - 10:35 am | Essential anatomy of the airways and your bronchoscope | Dr. Nimish Shah |
| 10:35 am - 10:55 am | Sedation and anesthesia during diagnostic bronchoscopy | Dr. Hemant Mehta |
| 10:55 am - 11:15 am | Broncho-Alveolar Lavage: Knowing the right technique | Dr. Manas Mengar |
| 11:15 am - 11:35 am | Endobronchial biopsy (EBB) and Bronchial Brushing | Dr. Pratibha Singhal |
| TEA BREAK - 11:35 am - 12:00 pm | | |
| 12:00 pm - 12:20 pm | Transbronchial lung biopsy (TBLB) | Dr. Radhika Banka |
| 12:20 pm - 12:40 pm | Conventional TBNA (c-TBNA): Valuable but underutilized tool of a Pulmonologist | Dr. Amita Nene |
| 12:40 pm - 01:00 pm | Bronchoscopy in ICU: When & where I do it? | Dr. Rajesh Sharma |
| 01:00 pm - 01:20 pm | Major complications during bronchoscopy: Tips and tricks for prevention and management | Dr. Pavankumar Biraris |
| 01:20 pm - 01:30 pm | Q&A Session | Moderator: Dr. Pujan Parikh |
| LUNCH - 01:30 pm - 02:30 pm | | |

| 02:30 pm - 05:00 pm | HANDS-ON WORKSTATIONS (30 minutes each) Co-ordinator: Dr. Richa Mittal |
|---------------------|--|
| Station 1: | Anatomy of the airways and navigation through bronchoscope: Dr. Pujan Parikh, Dr. Hardik Jain, Dr. Rajiv Jain |
| Station 2: | Handling of the bronchoscope (Disinfection, Sterilization, and Parts of bronchoscope): Olympus Team |
| Station 3: | EBB, TBLB and Brush Cytology: Dr. Sonam Solanki, Dr. Manas Mengar, Dr. Richa Mittal |
| Station 4: | c-TBNA: Dr. Amita Nene, Dr. Abhijeet Ahuja |
| Station 5: | Removal of foreign body and management of bleeding via FOB (Haemostatic therapies and tools including APC, blockers, electrocautery and snares) Dr. Susheel Bindroo, Dr. Pavan Biraris |

COURSE FACULTY
